My comment is:

We pay the highest garbage fee there is now. Our rates just increased couple years ago. The way the economy is now how can you even justify raising our rates that high. To more than double our water bill is utterly ridiculous. I understand you might have to raise them some. Right now I pay \$80 a month. I'm not watering my yard yet. That means when summer is here my bill will go from 120 to over 240. That means I can't water my grass. That means my property value goes down.

How convenient is this meeting in March is in Tucson and during a time when most of us can't make it. This is just another ploy by another greedy company to screw over the public. I employ you to have this meeting in Rio Rico somewhere. I have put an opinion in the newspaper here and will talk to as many people as I can about this. I know a lot of people in this town and will make sure this get out them.
